This drawing needs to be read in conjunction with Operator's Brand Standards and all other consultant drawings and specifications.

Should any discrepancy arise between drawings and specifications neither should be proceeded and clarification should be requested from Atellior. All discrepancies between architectural, interior and service packages are to be checked with the architect and Atellior.

All samples and shop drawings to be submitted by the contractor for Atellior approval. All materials must be fit for purpose and fully in line with local statutory codes and relevant European and/or British Standards.

Figured dimensions only are to be taken from this drawing. All dimensions are to be checked on site before any work is put in hand.
